HAFIZ UL ALAM

Supply Chain & Procurement | Industrial Engineering | Data Analytics
Dhaka, Bangladesh · hafizalam1036@gmail.com · +880 1746-009996 · linkedin.com/in/hafiz-ul-alam

PROFESSIONAL SUMMARY

Industrial & Production Engineering graduate from MIST with professional experience spanning supply chain, procurement, sourcing, inventory, operations planning, and process improvement across energy, FMCG, manufacturing, and textiles. Combines hands-on procurement execution with an analytical, process-improvement mindset — using data and root-cause analysis to make purchasing, planning, and execution more efficient.

PROFESSIONAL EXPERIENCE

Senior Executive — Supply Chain & Procurement · FAR Oil & Gas Limited, Dhaka **Aug 2026 – Present**
Oil & gas sector

- Plan and process procurement of **materials, equipment, and spare parts** — from requisition through purchase orders and work orders — against project and operational needs.
- Source suppliers, prepare comparative statements, and negotiate commercial terms, pricing, and delivery schedules.
- Coordinate with Logistics, Stores, Accounts, and Project teams to track shipments and resolve delivery delays or shortages.
- Monitor stock levels and procurement costs; report procurement and vendor performance to management; maintain documentation for audit compliance.

Supply Chain Executive · Khaas Food Ltd., Dhaka **Dec 2025 – Aug 2026**
FMCG manufacturer — spices & packaged food products (Sourcing & Planning)

- Executed **ERP-based procurement** covering PR–PO–GRN processes for raw and packaging materials.
- Evaluated supplier quotations and ran comparative analyses to ensure cost-effective purchasing decisions.
- Generated purchasing and inventory reports in Excel and ERP; performed stock reconciliation and packaging-consumption verification.

Trainee Engineer — Operations Planning · PRAN-RFL Group, RMIL Division **Aug – Dec 2025**
Door accessories manufacturing — hinge & hardware products

- Redesigned production workflow through cycle-time analysis and line balancing, raising daily output from **~900 to 1,800 units**.
- Developed a consumption-based procurement model; managed supplier development with local and Chinese vendors (RFQs, negotiation, quality evaluation, prototype validation).
- Built a comprehensive SKU master database to support MRP and costing; ran Kaizen and 5S initiatives; completed RFL's Internal Six Sigma Level-1 certification.

Industrial Engineering Intern · Amanat Shah Group – Fabrics, Pachdona **Feb – Mar 2024**
Textile manufacturer — woven fabrics for domestic and export markets

- Directed a **Six Sigma DMAIC project** across 1.78 million yards of production data, achieving a **15% reduction** in major fabric defects.
- Ran cost-benefit analysis for automated beam-lifting systems, revealing annual savings potential above **BDT 95 million**.
- Introduced reusable plastic rolls in place of paper rolls — a **9.34× cost reduction** and ~BDT 90,000 in monthly savings.

EDUCATION

M.Sc. in Advanced Engineering Management (AEM) · BUET (Dept. of Industrial & Production Engineering) 2026 – Present

B.Sc. in Industrial & Production Engineering · Military Institute of Science and Technology (MIST) 2021 – 2025

CGPA: 3.12 / 4.00 · Key Courses: Supply Chain Management, Operations Management, Project Management, Quality Management, Lean Manufacturing, Green Manufacturing, AI

SELECTED PROJECTS & RESEARCH

- Optimization of Process Parameters on Nano-Powder Mixed EDM of Ti-6Al-4V Using RSM & Genetic Algorithm — **B.Sc. thesis**; improved material removal rate by 30%, cut tool wear by 25%, improved surface finish by 20%.
- Demand Forecasting for Onion Retail — hybrid CNN–LSTM–Transformer model incorporating weather, economic indicators, and festival timing.
- Reinventing Supply Chains at “SupplyNext” — ISCEA PRIZE Global SCM Case Competition; SARIMAX forecasting, RFID, IoT, control-tower dashboard; earned a **60% CSCA scholarship**.
- Multifunctional Pneumatic Punching, Clamping & Bending Machine — SolidWorks design validated via a 106-response customer survey and prototype testing; 15% material utilization improvement.

CERTIFICATIONS & LEADERSHIP

Agile Project Management (HP LIFE) · Data Analytics for Lean Six Sigma (Coursera/U. Amsterdam) · Introduction to Statistics (Coursera/Stanford) · From Excel to Power BI (Coursera) · Introduction to Power BI & DAX (DataCamp) · Introduction to Data Science (Cisco) · Six Sigma White Belt (Aveta Business Institute) · Internal Six Sigma Level 1 (PRAN-RFL)

President, IEOM Society International — MIST Chapter (Mar 2025 – Mar 2026) · Vice President, MIST Innovation Club · Director, MIST Career Club · Debate Captain, Department of IPE, MIST (2024–25, Inter-Department Debate Champion)
